Meira Findel has offered her expertise in not only my business operations, but also in personal income tax and financial planning matters. I have found Meira to be patient, thoughtful and expert in handling the sometimes complex and unusual situations that arise in my business. It is rare to find someone that offers the experience, vision, and understanding necessary to insure that our business runs smoothly. Meira's proactive approach has had a positive effect on our business, she is truly a treasure. - Kathleen McDonough, President, Kevin Lee Allen Design.

Meira Findel is an effective and extraordinary tax accountant and workshop leader. I took Meira's workshop on taxes for small businesses and for the first time felt empowered to understand and organize my taxes - with confidence. I also took her workshop for

personal finances. Both workshops provided me with concrete skills and organizational templates that made application of their content easy. Meira brought up new ways of thinking about money and taxes that were exciting and motivating. Along with all those benefits, the workshops were truly enjoyable as Meira is a positive, clear, creative, and well-organized workshop leader. She puts participants at ease in the sometimes rocky realm of money management and taxes. She can be counted on to deliver exactly what she says she will teach, and more, in terms of gaining life-long financial skills that make life easier and save money. - Mariya Masters, Brain Gym® Instructor
